This is a good deal. Lay plans to be on hand when the MS GRAND BAHAMA leaves port. There are two mailings to be sent out. One in the very near future that will contain a brochure and a blank to be sent back to the Executive Secretary so that we can get an idea of the number to expect. This will not be a reservation blank and it will not be binding. It is simply an estimate to be sure that we have enough rooms reserved.

The trip will not be limited to members. If you have a friend or relative that would like to go along on this very good rate they are welcome. When submitting your estimate be sure to include them. As the AHS members go about our business the others can do as they please.

Plan your vacation now for June 11th and 13th. Start saving your pennies, nickels, and dimes and you will have the "scratch" to go with when the time comes.

You mightbe interested in knowing that most of the hibiscus you will see on Dr. Victor's tour came from Barling's Nursery.
